A summary explanation of the impact of major deviations from cost budget and from person-month budget, with reference to Section 2 “Workpackage progress” of the accompanying Periodic activity report where the reasons for deviation from plan have been explained

Overall, there is no major deviation from the Period 2 cost budget and from the person-month budget figures. However, necessary redirection of resources has led to delays in the progress of some areas of the Joint Programme of Activities. During the early part of Period 2, resources were directed towards redressing delays experienced in Period 1 following the late start of the Project.

The preparation and implementation of a second Annual Review within the Period, a substantial delay in the approval of JPA2 and the payment of the first Cost Claim and pre-financing for JPA2, as well as major unforeseen circumstances requiring restructuring of Workpackage 2 management have all meant that the following activities are behind in progress and an equivalent amount of resources from Period 2 will now be delayed into Period 3:

- Affiliate Participant Scheme
- Online Management Tool
- Review College
- Revised Consortium Agreement
- Updated Policies and Procedures Manual
- Risk Register
- Regional Meetings
