- Network of Expertise / Her-IT-age.net
- Knowledge base
- Know-how books
- Training
- Business models

- To create a Network of Expertise that will support Cultural Heritage (CH) professionals on an international level:
 - On international level, to create and provide knowledge on correct and efficient use of ICT in CH
 - On local level, to provide this knowledge to local CH, SMEs (ICT, creative industries), policy makers
 - On both levels, to provide a platform for knowledge and technology transfer and cooperation

- Will continue the Network of Expertise effort in EPOCH
- Will consist of a small coordination team
- Design of knowledge and technology transfer
- Enable and coordinate the transfer
- <http://www.her-IT-age.net/>

- An online wiki platform based on the Wikimedia software (of Wikipedia)
 - Uses the Semantic MediaWiki allowing contextualized information and powerful search capabilities
 - Easy to use forms for common page categories
 - Page templates and decorative layout tables
 - Site has been “fleshed out” to provide initial content and to demonstrate how the site can be used

Facts about CAA 2008 ⓘ

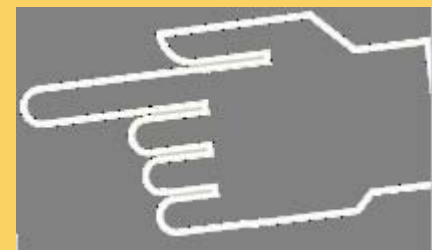

Abstract deadline	28 December 2007 + 🔍
End date	8 April 2008 + 🔍
Event in series	CAA + 🔍
Has location city	Budapest + 🔍
Has location country	Hungary + 🔍
Homepage	www.caa2008.org 🔗 + 🔍
Paper deadline	31 May 2008 + 🔍
Start date	2 April 2008 + 🔍
Submission deadline	31 May 2008 + 🔍

With support by the European Commission under the Community's Sixth Framework Programme, contract no. IST-2002-507382.

history

Inspiration

- Concepts developed by EPOCH partners

Starting point for the know-how books series

- The existing EPOCH scenarios (VAST2006 workshop)
- The proposed scenario structure
- Preparation meetings

How the know-how books series promotes these ICT ideas and solutions

- Practical and concrete description
- Detailed design considerations
- Development processes
- Implementation methods
- Alternative applications
- Skills and resources

objectives

The know-how books series aims to support people working in the following areas:

- Museums
- Heritage sites
- Monuments

Take a peek into a new world!

The KNOWHOW booklets are an inspirational series cataloguing existing examples of a variety of projects which use ICT for the recording, display and interpretation of cultural heritage.

The target group includes:

- Managers
- Exhibition producers/curators
- Pedagogues
- Professionals working with:
 - Digital restoration
 - Communication
 - Audiences
